## SUBPLOTS | Characters Ride *Different* Story Plots

### **A Wrinkle in Time**

Main Character: Meg

MAIN PLOT

#### **Meg**

**WANTED:** She wanted to find her father and bring him back from the place he was being held prisoner.

**BUT:** But, when she reached where he was being kept, a power stronger than she was makes it impossible for her to get to him.

**SO:** So, Meg tried to think of what is stronger than the power called IT.

**THEN:** Then, she realized that the love she had for her father is much stronger than any power that IT could wield and is able to rescue him.

SUBPLOT #1

#### **Meg's father, Mr. Murry**

**WANTED:** Mr. Murry wanted to protect Meg and still felt like she was a small child who needed that protection.

**BUT:** But, when Meg finally agreed to go back to rescue Charles Wallace, her father said that he wouldn't allow it.

**SO:** So, Mrs. Whatsit, Mrs. Which, and Mrs. Who all talked through the reasons why Meg was the only one who could go back.

**THEN:** Then, her father, realizing that his little girl had grown up, told Meg not to "be afraid to be afraid."

SUBPLOT #2

#### **Calvin**

**WANTED:** Calvin liked Meg and wanted her to know that.

**BUT:** But, he felt awkward and wasn't sure she would like him back. And, after rescuing her father, he felt even more awkward.

**SO:** So, when Meg was going to be sent back to Camazotz, Calvin quickly kissed her.

**THEN:** Then, Meg's eyes "brightened" with happiness, and Calvin knew she felt the same way, too.
