

PICTURES & LABELS | Write comparisons

Label each flap with a category. Draw/Write one detail from Text A (top flap) and one detail from Text B (bottom flap) for each category.

After drawing/writing, generate an oral sentence for each flap using a comparative transition. (When the flaps reveal the SAME details, use **both, also, alike** in the oral sentence. When the details are DIFFERENT, use **instead, but, unlike** within the oral sentences.)
