Retell requires a 2-step process.
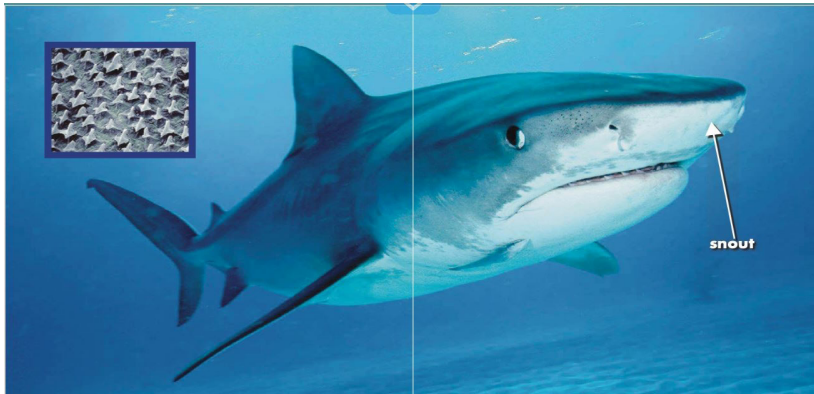

STEP 1 | *Reading Voice* collects details.
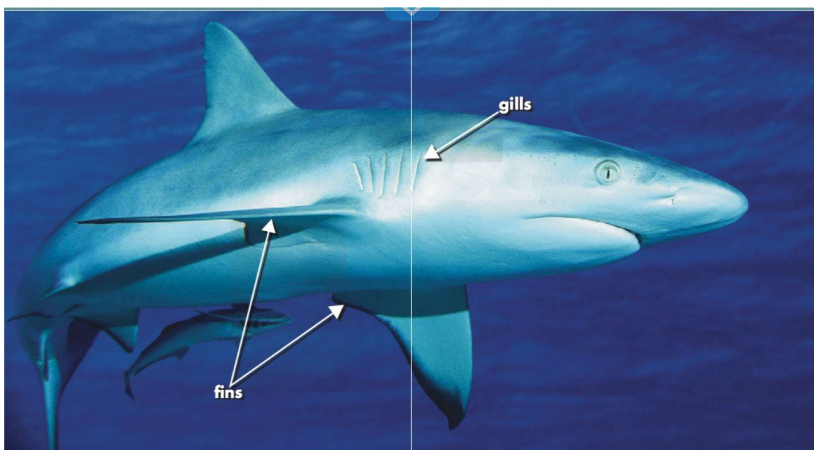

STEP 2 | *Thinking Voice* adds a label.

1. Read a single section or group of paragraphs.
2. Mark the *who, what, where, when, why,* and *how* details with the *Reading Voice.*
3. Use the *Thinking Voice* to consider what the details in this paragraph reveal about (the topic)? Label the group of details in 1-3 words.

Parts of a Shark

scales

pointed snout

fins

large jaws

gills

© SMEKENS EDUCATION SOLUTIONS

Sharks have tiny **scales** on their skin. They look like tiny teeth.

Many sharks have a pointed **snout** and large jaws.

snout

gills

fins

Sharks have **fins**. They use their fins to turn and stop in the water.

Sharks have slits near their mouths that they use to breathe. These slits are called **gills**.
