10 minutes

STEP 2A: SAY WHAT List the instructional points to tell the children.

DV sign
 Like that for R, too. DV whispers to R - but not about ~~things~~ text.
 Distraction = NOT PAYING ATTN
 · supposed to be doing this but instead thinking about that
 Lightning bolt... warning... alarm
 Red - stop light (go, slow, oh no!)
 Why it's bad: (warning) you're not going to understand what RV saying.
 It's normal, but have to realize & stop it.
 How to STOP - MUTE, silence it
 How this does happen:
 · RV/W... RV/TV... DV creeps in.
 · STOP, mute
 · GO back, reverse (missed part of movie)
 · Reread (rv-tv)
 TV thinks about words/pic/foot. DV thinks about what/mean something else

STEP 2B: SHOW HOW I DO — Plan a model & script its Think aloud.

I was thinking about...
 Is that what the text is about?
 Does that help me understand the author's ideas?

Listen to my DV creep in.
 I want you to see & hear how it happens and what I do about it.

I DO using pages from One of Those Days

I was reading words/pics but my DV was thinking instead of my TV.

1. STOP
2. GO BACK
3. REREAD

- Now what?
- TV Shhh DV
 - TV apologize to RV
 - RV + TV again

STEP 3: Interaction

We do I do again; you help me.

Plan a second parallel example.

Sometimes a good TV that... turns into a DV that.
